

Fun can't be cancelled

Our activities might have looked a bit different this past year, but we still managed to enjoy some awesome events that kept our spirits lifted. Some of the highlights included rocking out to “Guardians of the Galaxy” at Brevard Music Center on a 30-foot outdoor screen, and celebrating Halloween with an awesome Harry Potter-themed outdoor gathering with crafts and scary treats. Most recently, we were able to celebrate the Night to Shine prom!

Virtual Night to Shine 2021!

While this year looked different, it was nevertheless a fun time. The virtual Night to Shine prom was enjoyed on TV, hosted by Tim Tebow and his wife, and featured many celebrity guest appearances. The 40 minute live-stream began like every other year - with a walk down the red carpet to the party. To help make the event feel festive, residents recreated the food menu from last year which included chicken sliders, veggie/fruit trays, cookies and popcorn bags. A fun twist on the event was when the residents decided to dance and sing-along in their pajamas! The virtual night was not traditional, but smiling faces still danced the night away!

NIGHT to Shine
 SPONSORED BY THE **TIM TEBOW FOUNDATION**

The Tim Tebow foundation is committed to celebrating people with special needs. Night to Shine is a prom night experience that centers around God's love. This year was the 17th anniversary of Night to Shine and while the event was a little different, the message of love and honor has stayed the same.
